

Construction phases will be staggered to minimize traffic congestion and reduce construction impacts.

[illegible]

Phase I

Intersection Improvements

- ✓ COMPLETE: Install additional southbound 114th Ave NE to eastbound NE 85th St left turn lane. Upgrade traffic signal controller equipment to connect to new computer network for remote monitoring and control.
- Add traffic island at NE 124th Ave NE for future eastbound to northbound turn lane. Upgrade traffic signal controller equipment to connect to new computer network for remote monitoring and control.
- Add northbound 132nd Ave to eastbound NE 85th St right turn lane. Upgrade traffic signal controller equipment to connect to new computer network for remote monitoring and control.

Phase 2

Undergrounding Utility Wires

- IN PROGRESS: Underground utility wires along NE 85th St from 120th Ave NE to
- IN PROGRESS: Install conduit for future undergrounding of utility wires along NE 85th St from 128th Ave NE to 132nd Ave NE.

Phase 3

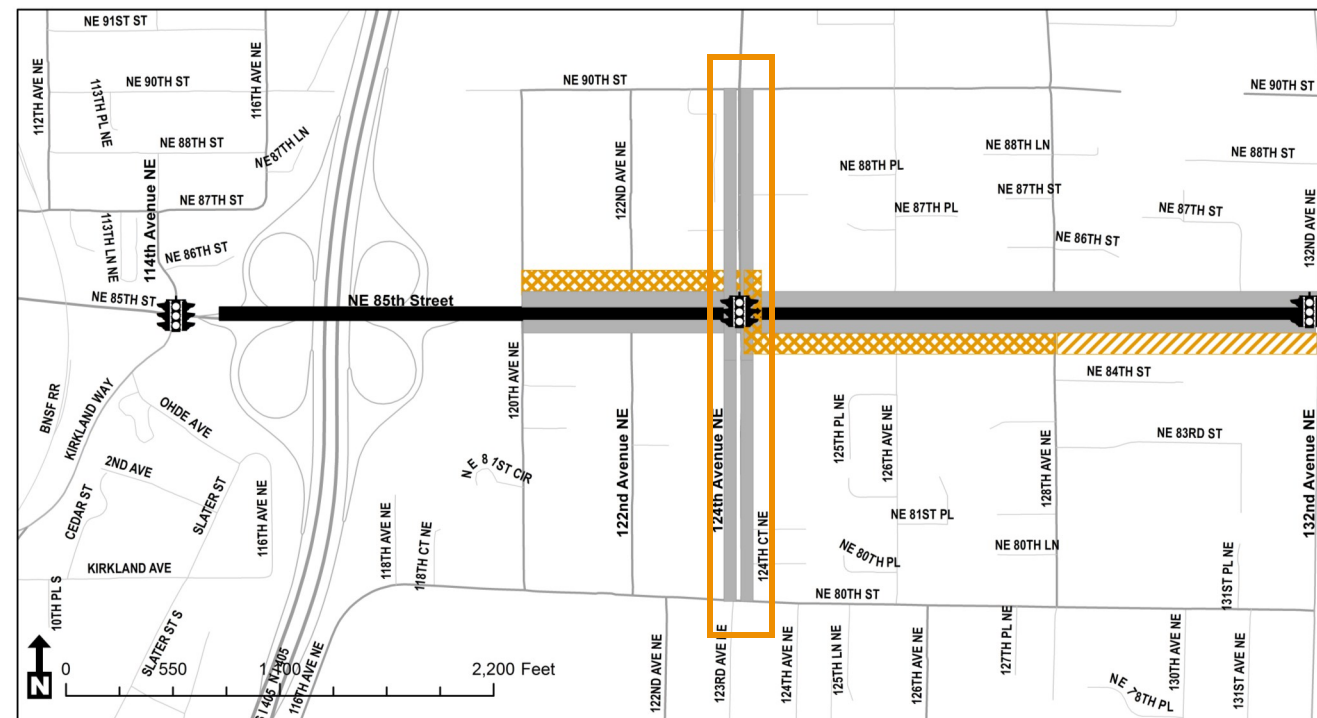

Sidewalks with landscape planter strips where there are none

- Install sidewalks (where there are none) on both sides of 124th Ave NE between NE 80th St and NE 90th St. Include landscaped planter strips between road and sidewalk where possible.
- Install sidewalk (where there are none) on both sides of NE 85th St between 120th Ave NE and 132nd Ave NE. Include landscaped planter strips with trees between road and sidewalk where possible. Install energy efficient street lighting.

Phase 4

Resurface Street

- Preserve the City's infrastructure and reduce costly repairs by overlaying entire NE 85th St Corridor from 114th Ave NE to 132nd Ave NE.

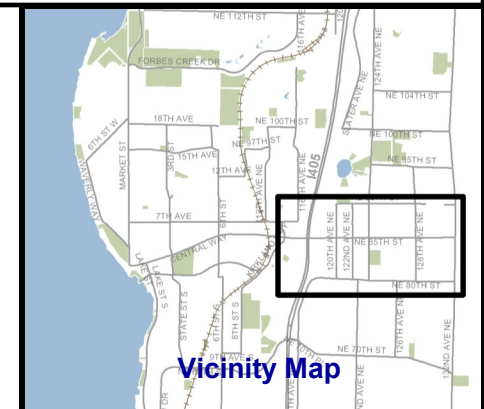

Project Update July 3, 2012

**Transforming NE 85th Street into
a safer, more efficient, and pedestrian-friendly corridor.**

Dear 124th Avenue NE Resident:

The City of Kirkland is pleased to announce that the design for the 124th Avenue NE Sidewalk Project is ready to be reviewed by adjacent property owners. The project will construct curb, gutter and sidewalk with a planter strip along both sides of 124th Avenue NE between NE 80th and 90th Streets (where no sidewalk exists). The concrete sidewalk will be 5 feet wide and will be separated from the edge of the travel lane by a 4.5 foot planter strip and 0.5 foot wide concrete curb (totaling 5 feet) in most places. The project is currently in the design phase. Construction is expected to start this fall and be complete before the end of the year.

You are invited to meet with the Project Engineer to review the plans and help identify any issues left to be resolved before the construction drawings are finalized.

124th Avenue NE Sidewalk Open House

July 12, 2012 6:00 pm to 8:00 pm

North Rose Hill Fire Station

9930 124th Avenue NE

Although the sidewalk will be located on City right-of-way, there may be existing landscaping or physical improvements put in by the property owners which need to be relocated. At the Open House on July 12, the City will be discussing the project design and potential impacts on adjacent properties with individual property owners. As the design progresses, subsequent project update letters may be necessary. Feel free to contact Kari Page, Neighborhood Outreach Coordinator (contact information below) for additional information or to make arrangements if you are unable to attend this open house.

Thank you in advance for your patience and cooperation as we make improvements to your neighborhood. Please contact us should you have any questions or concerns. For the latest project information, go to: <http://www.kirklandwa.gov/> and search NE 85th Street .
